Entry Criteria

There are no formal entry requirements for this qualification. However, it is recommended that candidates should have a level 3 qualification or equivalent work experience in the business administration area.

For candidates whose first language is not English, a language knowledge equivalent to level 6 IELTS is recommended.

The content and level of demand of this qualification is broadly equivalent to the first year of a university bachelors degree in the area of business management. Therefore, given the complexity of some of the content we believe that candidates will not have sufficient knowledge or experience below the age of 18.

Study Methods

This course may be studied at a fixed venue (see www.deltic-training.co.uk for details) or on a distance basis.

Course duration

Fixed Venues:

For candidates studying this qualification at one of our fixed venues, the course will be structured to allow for assessment over four examination sessions. From start of the course to final exam - or assignment submission - will therefore be 14 months.

Distance learning:

Deltic have designed support materials to enable candidates to study wherever they are in the world. We recommend 600 hours of study to achieve the qualification, over as short or long a time as you wish. The actual amount of study will largely reflect the amount of practical experience the student has to complement their studies. We find that ten hours a week for students with relevant experience enables them to complete this course in about a year.
